

"Just What I Am" by dusten the dapper mc

Out here on the **grind**, out here on the **line** / 1

Get me money – money on my **mind** / 2

See a nigga **froze**, nigga **go** – get your hands – get your hands off my **throne** / 3

Here I **stand**, making moves this master **plan** / 4

On the edge, go ahead **and push me** / 5

Life's a bitch, I'm getting' in **this pussy** / 6

Quiet as a **church mouse**, get my cheese then **break quick** / 7

Tired of the **church house**, 'God is love'? We need a **little fix** / 8

Half of me brain and the **other half brute** / 9

Hand in the pussy, spread my fingers like the **Vulcan salute** / 10

I whipped it out, said **"It's down time"** / 11

She *crawling* in my *Lincoln parked*, 'bout to **pound dime** / 12

And I hit the spot – you can smell that loud pine **passing** / 13

Ain't even make move, but she say a nigga **gassin'** / 14

Fake friends pose. When I call, they wanna **duck me** / 15

But I'mma keep **fuckin' 'em-fuckin' 'em** til they **love me** / 16

(Chorus)
